## EDUCATION

---

### University of Delhi, Hansraj College

2015–18

B.A (Major in Economics)

GPA: 7.83/10 (First Division)

(Shri Govind Ram Sharma Memorial Prize :Department rank 1 among the class of 70)

### Indira Gandhi Institute of Development Research, Mumbai

2019–21

M.Sc Economics (Majors in Econometrics & Macroeconomics)

GPA: 3.28/4.0 (First Division)

### Additional PhD-Level Coursework (Indian School of Business, non-degree)

2024–25

Econometrics (4.0/4.0), Linear Algebra (4.0/4.0), Real Analysis (ongoing)

**Relevant Courses:** *Advanced Microeconomics, Advanced Macroeconomics, Mathematical Economics (Real Analysis & Optimization), Linear Algebra (PhD-level), Probability & Statistics, Econometrics, Time Series Applied Econometrics (PhD-level), Applied International Trade*

## RESEARCH EXPERIENCE

---

### Research Associate, Indian School of Business

Oct 2024–Present

Prof. Anindya Chakraborty (IIMA), Prof. Kanika Mahajan (Ashoka), Prof. Shekhar Tomar (ISB)

#### *Project 1: Global Shocks and Localization of Supply Chains*

- Analyzed E-Way Bill data to study supply chain restructuring after Russia–Ukraine war; implemented continuous DiD (Callaway et al., 2024) and Poisson QMLE models
- Created network visualizations and geo-spatial mappings; documented two-phase adjustment pattern where import-dependent firms first strengthened existing supplier ties before expanding networks

#### *Project 2: Multi-Plant Firms and Regional Business Cycle Co-movement*

- Analyzed 1M+ plant-level observations across 114K firms; constructed co-movement indices using PCA and Monte Carlo simulations to quantify role of multi-plant firms in propagating regional shocks

### Academic Research Projects, IGIDR

2019–21

- *Master's Thesis: Agricultural Trade using Machine Learning in Gravity Models* :Predicted bilateral trade flows for seven commodities (1988–2016); compared econometric models (OLS, PPML) with ML approaches (Random Forests, XGBoost, LightGBM); ML achieved higher out-of-sample accuracy ( $R^2$  0.43–0.81)
- *Term Paper: Decoupling of Real Economy and Stock Market*: Analyzed disconnect between Indian stock market and real economy using firm-level and macro data
- *Replication and Extension: Democracy and Reforms (Giuliano et al.)*: Estimated causal effect of democracy on trade reforms using IV and Diff-in-Diff; explored alternative democracy measures (Freedom House index).

## PROFESSIONAL EXPERIENCE

---

### American Express, Assistant Manager (Payments Analytics)

*Jun 2022–Oct 2024*

- Developed & Optimized transaction-monitoring rules for 7M+ accounts using fuzzy-matching algorithms (Jaro–Winkler), detecting AML and terrorist-financing anomalies using SQL and Python.
- Leveraged transaction-level big data to analyze geographic risk patterns (Russia sanctions, Nordic gang networks) and supported regulatory assessments to mitigate financial-crime exposure

### Citibank, FP&A Analyst (CCAR PPNR Modeling)

*Jun 2021–Jun 2022*

- Developed & re-calibrated econometric forecasting models for APAC deposit balances under CCAR stress-testing, projecting CASA deposit flows over 6–15-quarter adverse macroeconomic scenarios
- Prepared comprehensive model development documentation and annual reviews, supporting regulatory submissions and internal model validation

### PwC GRID, Intern

*May–Jul 2020*

- Constructed constituency-level synthetic populations using spatial microsimulation to evaluate policy impacts, employing Simulated Annealing and Hill Climbing algorithms in R

### Ministry of Statistics (MOSPI), Intern

*May–Jul 2019*

- Implemented multi-stage stratified sampling for primary data collection in Time Use and Agricultural Surveys and performed multinomial-logit-based analysis of women's labor force participation using PLFS

## CONFERENCES & SEMINARS

---

- 20th Annual Conference on Economic Growth and Development, ISI New Delhi (Attended)      Dec 2025
- ISB Summer Research Conference (Attended)      Aug 2025
- CAFRAL–ISB Joint Conference: Impact of Monetary and Regulatory Shocks (Attended)      Mar 2025

## HONORS & AWARDS

---

- All India Rank 64, GATE (Economics), 2021
- Shri Govind Ram Sharma Memorial Prize (Department Rank 1, Hansraj College)
- First Division, M.Sc Economics (GPA: 3.28/4.0), IGIDR

## TECHNICAL SKILLS

---

**Programming:** Python, R, Stata, SQL, LaTeX, Bash

**Methods:** Difference-in-Differences, IV, Event Studies, Poisson QMLE, Panel Data, Time Series, ML (Random Forests, XGBoost, LightGBM)
